Capabilities & Capacity

With our state of the art CNC fabrication facility, we are able to accommodate individual orders as well as large and custom orders with precision delivery of individual loads to multiple locations exactly on schedule.

DESIGN

We craft custom designs tailored to your needs, enhancing your brand image with impactful and unique imagery.

FABRICATION

We manufacture drive-thru elements with precision, delivering exceptional quality and functionality.

INSTALLATION

Our crew handles installations within an 850-mile radius of our Kennesaw, GA, facility, and we ship products beyond that range for seamless delivery.

Our Products

We have everything you need to create a drive-thru that's both functional and unforgettable.

Menu Boards

We provide a range of static and digital menu board options designed to meet your unique needs, streamlining the ordering process and boosting sales.

Clearance Bars

We provide a variety of options, including custom branding and dual-lane bars for mobile orders, to create a safe and efficient drive-thru experience.

Building Elements

Uni-Structures' awnings and canopies are the perfect solution to boost your building's curb appeal and shield it from the elements.

Patio Canopy Systems

Our canopy systems protect employees and customers from the elements, creating an inviting drive-thru that boosts sales and expedites service.

Car Wash Canopies

Our state-of-the-art Pay Stations, Digital Menu Boards, and Order Point Arches blend functionality and style, creating an unparalleled car wash experience.

Order Point Canopies

Uni-Structures' order point canopies provide customers with a comfortable ordering experience, enhancing drive-thru efficiency and ensuring seamless service.
